

Unified Grocers Insurance Services Continues Commitment to PCIS Claims System

Longtime PCIS client renews contract and incorporates new Medicare reporting functionality

New York, NY – September 28, 2010 – PCIS, a proven and trusted provider of policy administration and claims solutions, today announced that Unified Grocers Insurance Services (UGIS) has renewed its contract for the PCIS Claims System. In production with PCIS for over 10 years, Unified Grocers Insurance Services continues to look to PCIS to support their claims processing needs.

In addition to the contract extension, Unified Grocers Insurance Services has taken advantage of significant Medicare reporting enhancements incorporated into the latest version of the PCIS claims solution. The new mandated law originates from Section 111 of the Medicare Medicaid and SCHIP Extension Act (MMSEA) of 2007 and ensures that Medicare bills are paid first by the primary payor before being submitted to Medicare as the secondary payor. Currently running in a test environment, UGIS is well positioned to be in production with the new capabilities as the MMSEA reporting requirements take effect on January 1, 2011.

Fernando Gabela, IT Manager with Unified Grocers Insurance Services, said, “Technology vendors come and go in this industry, so it is refreshing to work with a company like PCIS who has well established products and services, as well as a solid reputation in being able to deliver as promised. When it came time to renew our commitment it was an easy decision to make.”

“We thank Unified Grocers Insurance Services for their continued commitment to PCIS and our claims solution,” commented Georgette Loizou, PCIS Executive Vice President. “The PCIS team takes pride in knowing that our clients put a great deal of trust in us to provide quality solutions and services to support their core processing needs such as claims. We look forward to

continuing our already long standing relationship with Unified Grocers Insurance Services and Springfield Insurance.”

About Unified Grocers Insurance Services
